Valimenta™ Labs has invented a new method of making liposomes that is drawn from nature and does not use any toxic solvents, high temperatures, nor pressure. We use sunflowers.
DO LIPOSOMES REALLY WORK?
WE COMPARED BLOOD CONCENTRATIONS OF REGULAR VITAMIN C AND LIPOSOMAL VITAMIN C. THE RESULTS WERE STUNNING...

LIPOSOMAL CURCUMIN
- We use natural, 3-peak curcumin wrapped in a liposome bubble for better bioavailability.
- Helps support cognitive function for better mental clarity and memory.
- Supports cardiovascular function and heart health.
- Promotes joint and muscle health.
- Healthy all-body support.

LIPOSOMAL GLUTATHIONE
- No sulfur flavor or smell, we make sure it's pleasant to take.
- We use natural Setria® glutathione wrapped in a liposome bubble.
- Glutathione is a naturally occurring antioxidant existing in every cell, tissue, and organ, protecting us from free-radicals.
- Used to support healthy aging and our body's immune system.
- Supports our nervous systems and mental functions as well as detoxification.

LIPOSOMAL VITAMIN B12
- We use active methyl B12, not cyano-B12 wrapped in a liposome bubble.
- Supports our red blood cell formation, nervous system, metabolism, and mental functions.
- Is essential for a healthy heart.
- Critical for your brain to make hormones required for restful sleep.
- Helps convert fats and carbohydrates into energy.

LIPOSOMAL VITAMIN C
- Natural Vitamin C wrapped in a liposome bubble for better bioavailability.
- Contributes to normal collagen formation, for healthy bones, cartilage, tissues, and teeth.
- Supports our immune and nervous systems.
- Potent antioxidant.
- Contributes to a normal, healthy metabolism.
- Unlike most pills and powders, our Liposomal Vitamin C doesn’t cause stomach upset and mixes easily with water or any drink.

LIPOSOMAL VITAMIN D
- Helps support healthy calcium use in your body.
- Potent antioxidant.
- As with all of our formulas, active vitamin delivery takes place within a liposome bubble, protecting the nutrients and increasing bioavailability.

LIPOSOMAL VITAMIN B12
- We use active methyl B12, not cyano-B12 wrapped in a liposome bubble.
- Supports our red blood cell formation, nervous system, metabolism, and mental functions.
- Is essential for a healthy heart.
- Critical for your brain to make hormones required for restful sleep.
- Helps convert fats and carbohydrates into energy.

LIPOSOMAL GLUTATHIONE
- No sulfur flavor or smell, we make sure it's pleasant to take.
- We use natural Setria® glutathione wrapped in a liposome bubble.
- Glutathione is a naturally occurring antioxidant existing in every cell, tissue, and organ, protecting us from free-radicals.
- Used to support healthy aging and our body's immune system.
- Supports our nervous systems and mental functions as well as detoxification.

Let's build the next generation of supplement products together.
